#### THE WILL MAKES THE WAY.

It was a noble Roman.  
In Rome's imperial day,  
Who heard a coward creaker,  
Before the castle, say,  
"They're safe in such a fortress—  
There is no way to shake it."  
"On—on!" exclaimed the hero,  
"I'll find a way or make it!"  
Is Fame your aspiration?  
Her path is steep and high;  
In vain he seeks her temple,  
Content to gaze and sigh.  
The shining throne is waiting,  
But he alone can take it.  
Who says, with Roman firmness,  
"I'll find a way or make it!"  
Is Learning your ambition?  
There is no royal road.  
Alike the peer and peasant  
Must climb to her abode.  
Who feels the thirst of knowledge,  
In Helicon may slake it,  
If he has still the Roman will  
To find a way or make it!  
Are Riches worth the getting?  
They must be bravely sought—  
With wishing and with fretting  
The boon cannot be bought,  
To all the prize is open.  
But only he can take it  
Who says, with Roman courage,  
"I'll find a way or make it!"

#### Itching Skin

Distress by day and night—  
That's the complaint of those who  
are so unfortunate as to be afflicted  
with Eczema or Salt Rheum—and out-  
ward applications do not cure.  
They can't.

The source of the trouble is in the  
blood—make that pure and this scal-  
ding, burning, itching skin disease will  
disappear.

"I was taken with an itching on my  
arms which proved very disagreeable. I  
concluded it was salt rheum and bought a  
bottle of Hood's Sarsaparilla. In two days  
after I began taking it, I felt better and it  
was not long before I was cured. Have  
never had any skin disease since." Mrs.  
IDA E. WARD, Cove Point, Md.

#### DEBATABLE POSSIBILITIES OF THE INDIAN WAR CLAIMS FUND.

To the Editor of the Ocala Banner:

I have read carefully the article of

Mr. Reardon in your issue of yesterday.

While Mr. Reardon is essentially

wrong, he shows profound thought.

He does not hit the turpentine men

hard enough. Dead pines and devas-

tation are mild expressions.

In my opinion Mr. Reardon is in

error in his advocacy of the expendi-

ture of the Indian war money or

any other money to promote immigra-

tion. While Florida is cosmopolit-

an, and stands on the banks of the

St. Mary's river, and on every foot of

her immense coast line with open

arms welcoming the peoples of the

earth, it is not wise to buy them.

During our orange fever we had a lit-

tle experience of that kind.

The rush of immigration to the

state will follow the intelligent devel-

opment of her resources.

This development is the duty of

the state and a little bit of money in

question could be devoted to that pur-

pose.

Can perfume be profitably made

out of ten acres of cape jessamines?

Can the wild "deers tongue" be suc-

cessfully cultivated?

Let the state solve these problems

and all things else will add unto us.

#### BEST THING TO BE DONE WITH THE INDIAN WAR CLAIMS MONEY.

To the Editor of the Ocala Banner:

There seems to be inquiry made by

different persons as to what should

be done with the Indian war claims,

which means money paid to the state

of Florida by the federal government

for a specific purpose to-wit: To re-

imburse the state for money paid out

by the state and for money now due

for the same purpose. It seems to me

that there can be but one answer to

this question. That is, first of all,

pay all lawful Indian war claims.

The state has heretofore paid hun-

dreds of thousands of dollars for the

same purpose. Why not pay the bal-

ance due to the very men that were

in the service of the state or the

bona fide holders of the warrants or

orders upon the treasurer of the state

for the specific purpose? The follow-

ing is a true copy of one of these or-

ders, to-wit:

"State of Florida, Treasury Department, Com-

ptroller's Office, Warrant No. 123, 5000 year

ending 31st of December, 1861, Book K.

"At sight pay to Muskow Fogg, or order, Sev-

enty-five Dollars (\$75.00) allowed under Chapter

No. 1175, Act No. 52, section of number of the

laws of Florida, chargeable under the head of

an act for payment to the Florida Volunteers

and others, May 27th, 1861. To the Treasurer of

the State of Florida, \$75.

"W. C. WILLIAMS, Comptroller.

"Demand has been made for the payment of

the above order, and it was refused on the only

ground that there was no funds."

The act under which the above or-

der was issued has never been de-

clared unconstitutional, and it is the

duty of the state to pay from this

fund those warrants.

I know that the Williams' certifi-

cates claimed to be fraudulent,

but Mr. Williams was the agent of

the state and acted under the author-

ity of law and by the command of

law, and the principal is responsible

for the acts of his agent, and said

agent has never been convicted or

prosecuted of any fraudulent action

in regard thereto; therefore, it is

manifest the state is responsible, and

this fund is responsible for the pay-

ment of these claims. The residue of

this money should be applied to the

payment of the interest-bearing in-

debtedness of the state. If any money

should be remaining it ought to be

applied to the purposes of the devel-

opment of the possibilities of the

state, as suggested by "Florida

Cracker" in a recent issue, and roads.

#### An Ancient Document Unearthed.

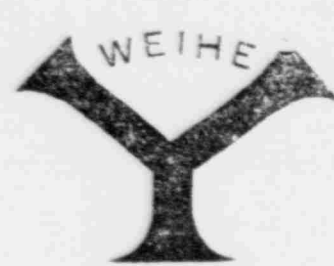

According to charges and counter charges made by city officials it seems that things have been going on in Ocala in a very loose, disjointed slipshod manner for the past several years.

It is quite refreshing to learn that the law specially made to govern our municipality, has been hunted up, the cobwebs brushed off, and an official order promulgated to make it the chart and compass in the conduct of the election on the 9th.

To Alderman Melver belongs the credit of discovering this ancient landmark.

It proved to be quite an interesting curiosity.
